PROFESSIONAL SUMMARY

Motivated Flutter Developer and Full-Stack Software Developer with experience building mobile applications, web applications, REST APIs, and business management systems. Skilled in Flutter, Dart, Laravel, Django, JavaScript, and database management. Passionate about developing scalable, user-friendly solutions that solve real-world problems. Experienced in integrating mobile applications with backend APIs and building responsive digital products from concept to deployment.

TECHNICAL SKILLS

Mobile Development

- Flutter
- Dart
- Mobile UI Development
- Responsive Design
- REST API Integration

Backend Development

- Django
- Django REST Framework
- Laravel
- PHP
- Python

Frontend Development

- React

- Next.js
- JavaScript
- HTML5
- CSS3
- Tailwind CSS
- Bootstrap

Databases

- MySQL
- PostgreSQL
- SQLite

Tools & Technologies

- Git & GitHub
- Postman
- Figma
- Drupal CMS
- VS Code

Soft Skills

- Problem Solving
- Communication
- Team Collaboration
- Adaptability
- Time Management

PROFESSIONAL EXPERIENCE

Website Developer

Barols Limited, Arua

May 2025 – August 2025

- Developed and maintained a web-based food ordering and delivery platform.
 - Implemented menu management and order processing functionality.
 - Improved customer access to products and online ordering services.
 - Collaborated with stakeholders to gather requirements and deliver solutions aligned with business needs.
 - Performed testing, debugging, and system maintenance.
-

PROJECTS

SACCO Management System

Flutter | Laravel | MySQL

- Developed a mobile application for SACCO operations and member services.
- Implemented member registration, savings management, and loan processing features.
- Integrated Flutter frontend with backend APIs.
- Built secure authentication and role-based access functionality.

Beneficiary Management System

Django | Django REST Framework | MySQL

- Developed backend APIs for beneficiary registration and management.
- Implemented authentication and secure data management.
- Designed scalable database structures and API endpoints.

Fast Food Ordering & Delivery System

PHP | MySQL | JavaScript

- Developed a web-based ordering and delivery management platform.
- Implemented customer ordering workflows and menu management.
- Improved operational efficiency through digital order processing.

Author Management API

Python | Django REST Framework

- Built RESTful APIs for managing authors and publications.
- Implemented CRUD operations and data validation.
- Designed endpoints for future third-party integrations.

Personal Portfolio Website

Next.js | React | Tailwind CSS

- Designed and developed a responsive portfolio website.
- Showcased projects, skills, and technical experience.
- Implemented modern UI design principles and performance optimizations.

EDUCATION

Diploma in Computer Science

Women's Institute Of Technology Uganda

Uganda Advanced Certificate of Education (UACE)

Mvara Secondary School

2023
